## Scarabeo Design

GUSTAV viene proposto in molteplici colorazioni, le stesse che Scarabeo applica per la ceramica dei lavabi e sanitari, sia nelle versioni lucide che opache. Ogni elemento, struttura, piani di appoggio e lavabi, sono indipendenti nella finitura: possono essere tutti nello stesso colore oppure svincolati per creare abbinamenti secondo i propri gusti o in linea con l'ambiente circostante.

GUSTAV is proposed in a broad range of colours, the same ones Scarabeo uses for the ceramic of the washbasins and sanitary ware, in both the glossy and matt versions. A different finish can be applied to each element, structure, surface and washbasin: they can be all the same colour or different ones, to create combinations based on the user's own tastes or to reflect the surrounding environment.

## Studio Adolini

SKINNY è la nuova collezione di lavabi disegnata dallo Studio Adolini per Scarabeo Ceramiche. Caratterizzata da una simmetria esterna dove le forme, rigorose e geometriche, creano una presenza elegante nella sala da bagno, la collezione SKINNY affascina per il movimento sinuoso e organico dettato dall'interno del lavabo che si identifica con l'armonia della natura. La forma di SKINNY, infatti, si ispira al processo naturale di levigazione della roccia: un cuore organico dove le curve fluide e morbide raccontano la storia di un'evoluzione paziente e sapiente.

SKINNY is the new collection of washbasins designed by Studio Adolini for Scarabeo Ceramiche. It is characterized by an external symmetry where the rigorous and geometric shapes create an elegant presence in the bathroom. The SKINNY collection fascinates with the sinuous and organic movement dictated by the interior of the washbasin that identifies with the harmony of nature. The shape of the SKINNY collection is inspired by the natural rock smoothing process: it is an organic heart where the soft, flowing curves tell the story of a patient and wise evolution.

## Scarabeo Design

Scarabeo presenta per la prima volta una collezione di vasche da bagno in ceramica in stile contemporaneo. Le tre collezioni MOON, TEOREMA 2.0 e GLAM si arricchiscono dell'elemento vasca per offrire una continuità di design con i lavabi e i sanitari. La vasca MOON riprende le forme generose e arrotondate e i bordi sottili che caratterizzano l'intera collezione. Un oggetto armonico ed elegante capace di rendersi protagonista della sala da bagno. La vasca TEOREMA 2.0 presenta un rigoroso design squadrato, tipico della collezione, che delinea un ambiente decisamente moderno ed essenziale. La vasca GLAM è caratterizzata da una forma a catino, minimal e accogliente al tempo stesso. Bordi alti e sottili per pause di relax confortevoli e distensive. Tre proposte diverse che vogliono rispondere alle esigenze di un pubblico ampio e variegato che desidera un bagno completo, coordinato e di design.

Scarabeo is presenting a range of contemporary-style ceramic bathtubs for the very first time. The bathtub has been added to the three MOON, TEOREMA 2.0 and GLAM collections to offer continuity of design with the washbasins and sanitary ware. The MOON bathtub reflects the generous proportions and thin edges of the entire collection. A harmonious and elegant element that can become the centrepiece of the bathroom. The TEOREMA 2.0 bathtub has the typical rigorously square shape of the collection, creating a decidedly modern and simple environment. The GLAM bathtub has a bowl shape, minimalist and embracing at the same time. The high, thin edges are perfect for a comfortable and relaxing bath-time break. Three different proposals to meet the needs of a broad and varied public seeking a complete, coordinated and stylish bathroom.
